Course Registration Procedures

- Note 1: The system automatically adds required courses to the individual class schedule. Please do not make any change to required courses for fear of not taking required courses.
- Note 2: Please refer to the Information System for user's manual on course registration (http://netreg.isu.edu.tw/wapp/main.asp).
- Note 3: It is strongly recommended not to authorize someone to register. Instead, students shall register courses online in person.
- Note 4: The default login ID and password are the same as those for ISU Webmail System as set by the University. Please change the password on first login for fear of unauthorized use.

< **STEP 1** >

Visit the official website of I-Shou University (<u>www.isu.edu.tw</u>), choose the language "English," and click "Information System"

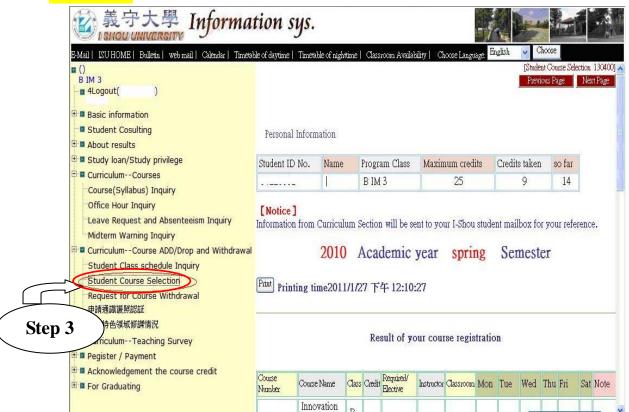

< **STEP 2** >

Choose the language "English" and log into the Information System (the login ID and password are the same as those for ISU Webmail System)

< STEP 3 > Click "Student Course Selection"

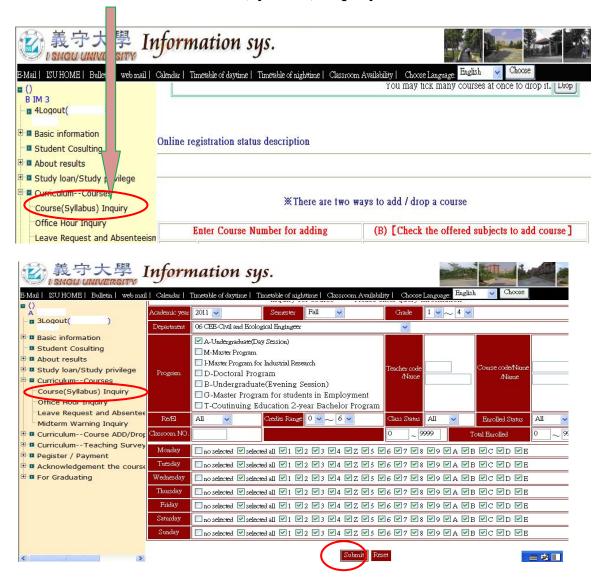

< **STEP 4** >

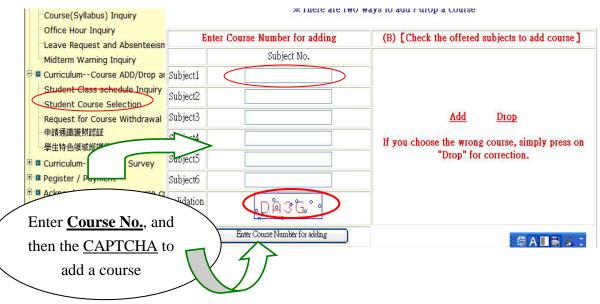

Add a course (either method will do)

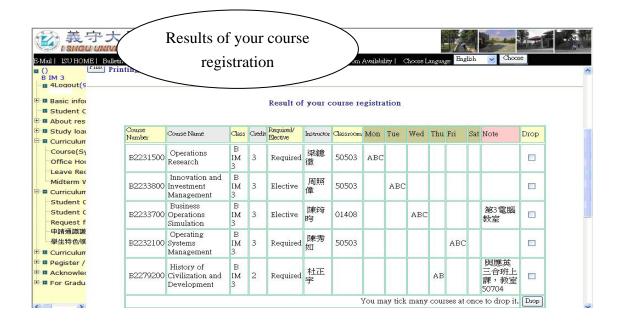

(1) Enter Course Number (Alphabet + 7 Digits) to add a course

Note: Please click "Course (Syllabus) Inquiry" to see course numbers.

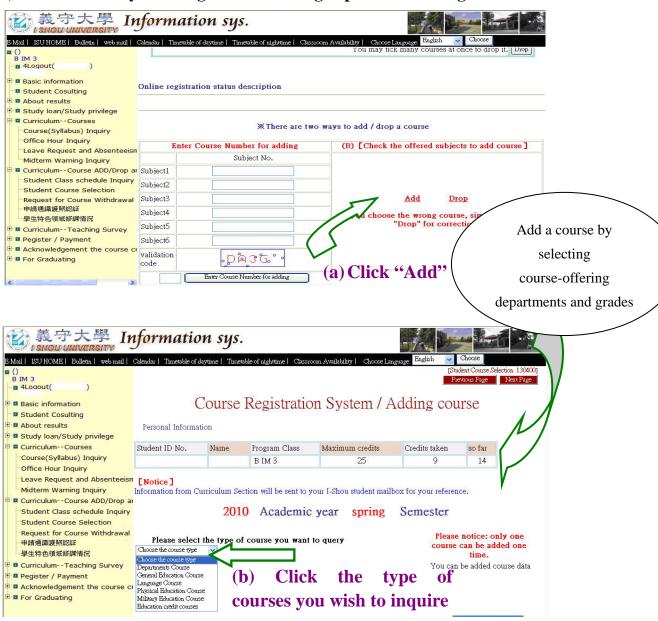

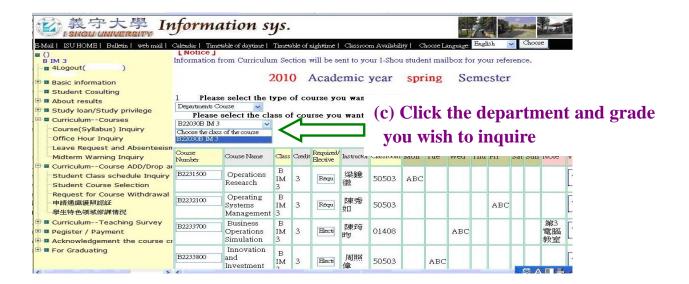

Enter Course Number (Alphabet + 7 Digits) to add a course

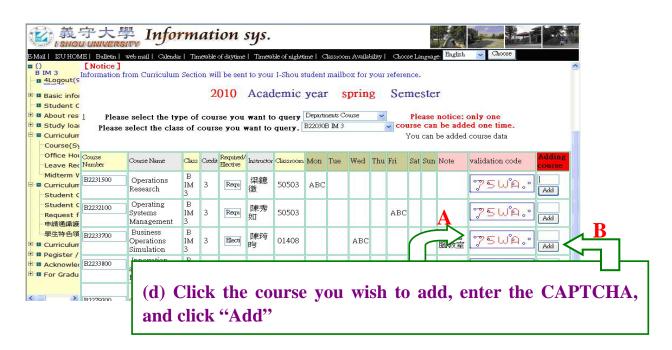

(2) Add a course by selecting course-offering departments and grades

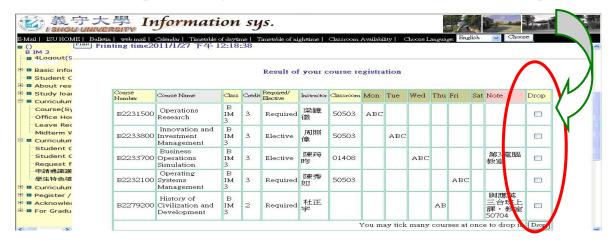

< STEP 5 > Drop a course

Tick the box **Drop** on the right-hand side of the course you wish to drop

©Enter <u>Student Class Schedule Inquiry</u> to confirm your class schedule after course add/drop
